3.31 (b)

SANITATION.

b) Housekeeping. Premises (buildings and grounds) shall be kept clean and in good repair in order to protect the animals from injury and to facilitate the prescribed husbandry practices set forth in this subpart. Premises shall remain free of accumulations of trash.

(b)(2)High, (b)(7)f

was used for stowing of animal feed, clean cages, clean water and feed receptacles, lab and surgical materials, cleaning solutions, used medical materials and used as a mechanical work station. It was pointed out and explained to management that eventhough the room appeared cleaned; there is a need to separate each item to an acceptable designated area to prevent the possibility of contamination either by chemicals or mechanical. In the (b)(2)High, (b)(7)f several boxes were stowed on the floor underneath the feed rack. Management was informed that all items should be stowed off the floor and away from the wall to ease housedeeeping.

TO BE CORRECTED BY: 07/30/08.

The last routine inspection and exit review were conducted on 09/12/07. This routine inspection and exit review were conducted with (b)(6),(b)(7)(C) and USDA VMO, Earnest Johnson.

2.31 (c) (3)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Section 2.31(c) IACUC Functions. (3) Prepare reports of its evaluations conducted as required by paragraphs (c)(1) and (2) of this section, and submit the reports to the Institutional Official of the research facility. . . .The reports shall be reviewed and signed by a majority of the IACUC members and must include any minority views.

1. Review of the Institutional Animal Care and Use Committee semiannual report dated April 3, 2008: The report was submitted to the Institutional Official without the signatures of the majority of the IACUC members.

In accordance with Animal Welfare Regulations, the Institutional Animal Care and Use Committee (IACUC) is required to conduct a review of the research facility's program for humane care and use of animals and to inspect the animal facilities at least once every six months; and to submit a report of its evaluations to the Institutional Official at least once every six months to ensure the humane care and use of the animals. The report should be signed by a majority of the Committee members.

The Institutional Animal Care and Use Committee should submit the signed report to the Institutional Official.

Correct by: June 6, 2008

Note: No regulated animals present at time of site visit.
